Weather Closure & Delay Information for Lake Tahoe Schools

In the event of inclement weather or electrical outages, it may become necessary for Douglas County School District (DCSD) to call alternate bus stops (snow stops), a 120-minute delay, or a snow day. The safety of our students is always the district's top priority when making these decisions.

Alternate Bus Stops / Snow Stops will be in effect when it is determined that bus travel in certain areas is unsafe. Buses will still pick up and drop off students; however, they will do so at alternate stops on safely accessible streets. Both pick-up and drop-off will take place at the alternate bus stops, even if weather conditions improve. **Please look below, if your student utilizes any of the stops below they need to revert to the snow stop for pick up and drop off anytime there is snow on the roads.**

120-Minute Delay is called if it is determined that it would be safer for buses to pick up students 120 minutes later in the morning and weather conditions allow buses to transport students home safely in the afternoon.

Snow Day is called when it is determined that it is safest for DCSD students not to attend school due to weather or other unpredictable conditions.

Decisions will be made no later than 5:30 AM, with notifications sent through ParentSquare. Information will also be posted on our website and social media pages by 6:00 AM.

Please Note:

- No message will be sent if school is operating as usual.
- No notification system is foolproof. Power outages and technical problems can arise.
- Predicting the weather is always a difficult task. Conditions at one end of the valley can be quite different from the other, and weather conditions can change rapidly. All applicable factors will be taken into consideration.
- Decisions will be made with student safety as the top priority.
